

# We are Stenik

We develop web sites

*corporate presentation*

Stenik Group Ltd. is a web design company, specialized in development, support and SEO of corporate web sites and custom online shops.

For 7 years on the market the company is in successful collaboration with over 350 clients – mainly from Germany and Bulgaria.

Since 2006 Stenik Group is a member of the Bulgarian Web Association and has participated regularly in the association's meetings and in the decision making.

Beside the individual web solutions, our clients have the opportunity to take advantage of our unique web products StenikCMS, EstateCMS, E-Stenik, StenikFT and StenikNL. Each one of them is developed to assist our clients and this is why they are a flexible and extremely successful combination of functionality, stability and price.

## Management

For the STENIK management the following persons are responsible:

**B. Eng. Stefan Chorbanov MBA** – Founder and General Manager

**Dimitar Dimitrov** – Sales Department Manager

**Zlatan Abadzhiev** – Project Manager

**Dipl. Eng. Nikolay Dimitrov** – Business Development "Germany"

## Stenik and Germany

**Accuracy, correctness, precision and ambition to go all-out until the end even with the hardest projects.** All these qualities of STENIK's managers and the time spent in Karlsruhe, Germany were helpful for the establishment of new and valuable contacts with domestic web design companies. Working together on different projects in the web and graphic design led to the accumulation of a solid portfolio, with which STENIK made its own reputation on the German market and started independently to gain clients.

Today STENIK has background in dozens of strict German clients, independent website, presenting the services and the company's portfolio and the subsidiary in Munich.
